

LAVO FLOORS

120 HOUR WATER RESISTANT LAMINATE FLOORING

EPIC Performance Series

The EPIC series delivers enhanced durability and structural stability. Featuring an AC5 abrasion rating and advanced 5G locking system, it ensures a stronger, more secure installation. With 120-hour water resistance, it offers superior protection against moisture and everyday spills. Equipped with a pre-attached 2mm acoustic underlay, it eliminates the need for additional padding while improving underfoot comfort and reducing noise. Combined with authentic wood textures, it brings both performance and refined aesthetics to modern spaces.
