

LAVO FLOORS

120 HOUR WATER RESISTANT LAMINATE FLOORING

Essential Series

The 120 hours water resistant laminate flooring introduces a fresh standard in performance and design. This collection has undergone extensive and rigorous testing, including a highly demanding 120-hour water resistance test, and an AC5 abrasion rating, highlighting its exceptional durability and resilience. To enhance surface authenticity, the collection features EIR (Embossed-in-Register) technology, precisely replicating the natural texture and appearance of real hardwood for a remarkably lifelike finish. Each plank measures 7.7" x 48" , offering a perfect balance of modern style and practical functionality. Altogether, this series delivers a reliable and refined flooring solution suitable for every area of the home.

ADDITIONAL DETAILS
